

People Who Help Us

Ideas for Learning at Home:

- Go on a local walk, can you spot any signs of people with jobs that help us? Talk to your child about what they are doing and how they are helping.
- Encourage your child to get involved with recycling in your household, including the food recycling bin. See when your next pick up date is and watch the recycling truck arrive and empty the bin. Watch this video supporting recycling <https://www.youtube.com/watch?v=CCS6iOG5G68>
- Do you have any family members that work as a nurse, doctor, vet, paramedic, firefighter, police officer etc? If so, ask them to share what they do with your child. They could show their uniform and equipment too.
- As a family, you could think of ways you could help someone else. This could be helping a neighbour, younger sibling or a charity of your choice.
